

SFH240

The Iseki SFH240 is the ultimate high productivity mowing machine. It's highly manoevrable with an out-front rotary deck to facilitate grass cutting in difficult areas. Quietest among its field, with an SXG derived deck, guaranteeing high performance and reliability.

The machine powered by a 16.41 kW (24hp), three-cylinder, liquid cooled diesel engine operating at 2600rpm results in reduced noise levels. The collecting system features a high dump hopper with a clearance height of 1900mm and an offset of 750mm, which provides easy access when depositing the cut grass into waste skips and bins.

550 litre high dump collector as standard

Power: 16.1 kW (22 hp)

Cutting Width: 1.22 m (48")

Drive System: Permanent or auto 4 wheel drive

Special Features: Low noise, copes with long grass, in wet or dry conditions.

Power	Engine: Type	Vertical water cooled 4-cycle diesel, atmospheric
	Displacement	1123cc
	No of cylinders	3
	Power	16.1 kW (22hp)
	Fuel capacity	30 ltr (6.9gal)
Transmission	Type	Hydrostatic
	Forward	0-15km/h (0-9.3mph)
	Reverse	0-10km/h (0-6.2mph)
	Four-wheel drive	Automatic/permanent
Brakes	Type	Dry drum
Tyres	Tyre type	Turf
	Front	20 x 10.0-8
	Rear	210/60D-8
Dimensions	Length	2.33m (91.73")
	Width	1.19m (47")
	Height (steering wheel)	1.45m (57.08")
	Weight	680kg (1821lbs)
Mower Deck	SCMA 48	
	Type	Rear discharge rotary, synchronised blades
	Cutting width	1.22m (48")
	Cutting height	30mm (1.18") - 120mm (4.72")
	No of blades	2
	Adjustment	7 stage via clevis pin or stepless by dial
	Weight	100kg (220lbs)
	SCMA54	
	Type	Rear discharge rotary, synchronised blades
	Cutting width	1.37m (54")
	Cutting height	30mm (1.18") - 120mm (4.72")
	No. of blades	2
	Weight	106kg (233lbs)
	Grass Collector	
	Capacity	550 ltr (120gal)
	Blower	Integrated
	Dump and lift	Hydraulic
	PTO Clutch	Wet Multi Disc
	PTO Revolution	1750 rpm

Clear layout of gauges and controls

Easy to use parking brake, and levers for emptying the high dump collector

Levers fall readily to hand for deck lift/lower, PTO to blades and blower
